

CHES ERP Update

July 13, 2021

What's Happening with the ERP/SIS?

The Presidents of the five partner colleges in our Enterprise Resource Planning/Student Information Services initiative have formed the nonprofit CHES, the Collaborative for Higher Education Shared Services. Currently, a team is in the process of negotiating with the preferred vendor. We remain in the quiet phase, which means we must maintain confidentiality and cannot share details. We look forward to making an announcement next month. In addition, teams are working on staffing, data governance, communications, fundraising, and much more.

Here are the CHES partners:

- CNM, Clovis Community College, Northern New Mexico College, San Juan College and SFCC.

Here are the members of the CHES Executive Team:

- [Kathy Ulibarri](#), Chief Executive Officer, 505-221-4965
- [Greg Saunders](#), Chief Operating Officer, 505-313-3434
- [Laura J. Mulry](#), Communications Officer, 505-946-7980

For more about CHES, contact your college's Project Manager or CHES Communications Officer [Laura Mulry](#).

Thank you.
