

# Tax Withholding Elections for Multi-Institution Job Holders

*This Tip Sheet is for SFCC employees holding positions at more than one CHES institution.*

## Secondary CHES Institution Job

When you are hired into positions at more than one CHES member college, there are special considerations when configuring your tax withholdings.

When onboarding your secondary position, Workday will initiate several items in your **My Tasks** including:

- Complete State and Local Withholding Elections
- Complete Federal Withholding Elections

## Complete State & Local Withholding Elections

**Note:** The selections you make in this task apply only to income from the secondary position.

When completing the task for State and Local Withholding Elections for your secondary position, the **Company** field will default to the institution of your primary position. It is important that you change the selection in the **Company** field to the college of your new position.

Select **OK**.

In the **New Mexico W-4 Data** box fill out:

- **Step 1. Marital Status** (Should match the selection of your primary job)
- **Step 2: Multiple Jobs or Spouse Works**
- For **Steps 3-4** You can use the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App).
- **Step 5: Legal Notice.** Select the box to agree with the information you have entered and select **OK**.

## Complete Federal Withholding Elections

The **Complete Federal Withholding Elections** task, for your secondary job(s), will default the **Company** field to the institution of your primary position and cannot be changed through this task. Any elections configured in this task will be reflected on the **Pay** tab in your primary CHES Job profile.
